SUMMARY

Todd Miller has spent his entire professional career of 30+ years in the steep slope metal roofing industry. He has played an industry leadership role for over 20 years and is widely respected for his knowledge, integrity, and verbal and written communication skills. Todd's expertise is in residential metal roofing with in-depth knowledge of various panel systems, base metals, coatings, and the overall market dynamics. He also possesses a keen understanding of the building envelope including ventilation and thermal dynamics. While his career has largely been in manufacturing, marketing, and sales, Todd also has been involved with a great deal of industry research and he has written or co-written numerous technical bulletins and installation guidelines.

EDUCATION

Bachelor of Arts, Communications, *Bluffton College*, 1986

Professional Achievement Alumni Award, *Bluffton College*, 2007

PROFESSIONAL EXPERIENCE

Isaiah Industries, Inc.

Piqua, Ohio

Leading manufacturer of specialty residential metal roofing sold under the brand names of Classic Metal Roofing Systems, Kassel & Irons, and Green American Home. Todd has worked for the company since 1981, serving as President since 1994. During his tenure, Todd has been responsible for leading the company in a transition from the commercial to the residential market. Along with other key leaders, Todd has led the company on a journey to be a "Kingdom Business."
